

Sickness

On average how often do you get sick?

Do you often get colds?

What is the most serious sickness you've had?

Have you ever had to stay overnight in a hospital?

Have you ever had to take an ambulance?

Have you ever broken a bone?

Do you have any allergies?

Do you think modern life causes people to get sick more often?

What do you think about people who refuse vaccinations for their children?

Do you usually trust doctors or are you inclined to get a second opinion?

Do you believe alternative health remedies are effective in curing illness?

Have you ever taken Chinese medicine?
