

Social Networks and Messaging

What social networks do you use?

What's your favourite social network? Why do you like it?

How much time do you spend each day using social networks?

What is your primary reason for social networking? Do you do it mainly to keep in contact with people or are there other reasons such as for educational or work purposes?

Do you think social networking is addictive? Do people spend too much time doing it?

Have you ever cancelled a social network account? Why did you do it and was it easy?

How many messages do you typically send and receive in a day?

Do you mostly send messages for fun or do you usually have a special purpose?

Do you feel pressure to respond quickly if you receive a message?

Do you expect others to respond to your messages promptly?

Is it rude not to reply to messages?

Do you use a lot of emoticons when you send messages or chat online?
